Lesbian, gay and transgender Sex from a new perspective

In the four earlier films: "Fucking Different Berlin", "-New York", "-Tel Aviv" and "- Sao Paulo" it was the same city that the filmmakers had in common. In "Fucking Different XXX" it's the passion for explicit sex scenes that brought eight international filmmakers together. The eight short films shot in Paris, Berlin and San Francisco are about intensive sex, quick sex, romantic sex, funny sex, the first sex and the last sex. The range goes from a lesbian quickie in the toilet, a bloodthirsty orgy, romantic fisting all the way to wet teenage dreams. The queer filmmaker each made films about „the other gender" and their sexuality. The result is a never seen before look upon sexual tastes and varieties, far from clichés, with a fresh and sometimes humorous approach.

Maybe "Fucking Different" is the queerest film experiment of all times!
